

## **PREPARATION OF THIS DOCUMENT**

This document is the Technical Proceedings of the Asia Regional Scoping Workshop on “Primary Aquatic Animal Health Care in Rural, Small-scale, Aquaculture Development,” jointly organised by the Department for International Development of the United Kingdom (DFID), the Food and Agriculture Organization of the United Nations (FAO) and the Network of Aquaculture Centres in Asia-Pacific (NACA), and hosted by the Government of Bangladesh (GoB) in Dhaka, Bangladesh from the 27<sup>th</sup> - 30<sup>th</sup> September 1999.

A summary report on the meeting has been published as:

DFID/FAO/NACA/GoB. 2000. Primary Aquatic Animal Health Care in Rural, Small-scale Aquaculture Development. Report of an Asia Regional Scoping Workshop held in Dhaka, Bangladesh, from 27<sup>th</sup>-30<sup>th</sup> September 1999. Department for International Development, Food and Agriculture Organization of the United Nations and the Network of Aquaculture Centres in Asia-Pacific, 36 p.

It includes the background, a brief summary of proceedings, Working Group reports, conclusions and recommendations and the list of participants. A modified version of this report is included as Appendix I of the present document.
